## DOLLIES

LARGE AND SMALL, DRESSED AND UNDRESSED.  
ALL READY FOR THEIR JOURNEY

The pleasantest part of their journey will be experienced  
on reaching their destination in the arms of happy little  
cherubs.

Some are dressed in frocks and hats, shoes and stockings,  
too sweet for words; others prefer their little mothers to  
dress them in frocks of their own choosing and sewing,  
and there are so many of them, baby dolls, large dolls,  
character dolls, and boys dolls. They are so reasonably  
priced that every little girl may have a new dolly this  
Christmas.

### HOLIDAY TOYS AND GAMES

Let the same principal guide you in the selection of toys  
or in the choosing of gifts for grown-ups. Make this a  
practical Christmas for the kiddies by giving toys that,  
while amusing, are of an educational value. Our toy and  
game section is complete and can help you make the right  
choice.

### INDOOR GOLF

THE GREATEST GAME OF THE 20TH CENTURY

This game provides for the first time, a practical and exact  
means for playing golf indoors, on the floor of any home  
or club, with as much enjoyment, skill and enthusiasm as  
on a regularly constructed link.

Thousands of golfers have found in it all the tremendous  
fascinations of the famous outdoor pastime. This game  
provides an ideal means of entertaining your friends at  
home or at the club.

### JEWETT CITY

In response to the behest of his  
many friends, Mr. J. C. Christ-  
opher promised before he left Sunday  
that he would let the folks back home  
in Jewett City and Pachaug, hear from  
him and his party once in a while, dur-  
ing his journey to Florida in the house  
on wheels. He is a man of his word,  
and the first letter, dated Mountain  
View, N. J., Dec. 12, arrived Thursday  
morning. Well, here we are, just 175  
miles from home at 10. K. Left Pachaug  
Sunday morning, Dec. 10, at nine o'clock  
and drove as far as Southport, Conn.,  
193 miles. At five o'clock it was too  
dark to drive on a strange road, so we  
stopped and made camp for the night.  
We found a fine place to camp, but it  
was very cold, only 14 above when we  
were ready for our supper. They were  
ready for our supper. They were ready  
for our supper. They were ready for our  
supper. They were ready for our supper.  
The cook went into the storage section  
of our house to bring out the dinner pot,  
which had in it three fine chickens all  
cooked and ready to warm up. They  
weren't to be found, but our all had  
been somehow overlooked in our hurried  
start, and they were back in the kitchen  
before the public utilities commission in  
Hartford this (Friday) morning at 11.30.

Upon the petition of Edmund P. Kel-  
logg and 33 others for an extension of  
the electric light service of the Rock-  
ville-Willimantic Lighting Company to  
West Stafford, a hearing will be held  
before the public utilities commission in  
Hartford this (Friday) morning at 11.30.

The out-post committee of the Ameri-  
can Bond association had a meeting  
at the public library Thursday evening  
and made plans for publicity work and  
for future activities of the committee.  
Robert W. Smith is on a business trip  
to Philadelphia.

Miss Gladys Houle of the local foot-  
ball club's office is having a week's vaca-  
tion.

The total amount received by the  
Red Cross drive in Stafford is \$13,721.  
Of this amount \$10,919 is for membership  
in the National Red Cross association.  
The local Red Cross receives one-half  
the membership fund, \$5,459 and \$3,771,  
the amount over the membership, mak-  
ing a total of \$9,230 for the local or-  
ganization.

Miss Mary L. Davis, who has been  
teaching in Leonard school district No.  
10, has resigned.

Mrs. Myron Kemp of West Stafford  
is recovering from an attack of ton-  
sillitis.

### BALTIMORE

Consell No. 198 of L Union St. J. R.  
A. A. held its annual meeting Monday  
night and the following were elected  
officers for the ensuing year: Chaplain,  
Rev. William T. O'Brien; president,  
Philip Corden; vice president, Henri M.  
Dunville; treasurer, Joseph Boucner;  
secretary, Ernest Gaudin; collector, Jo-  
seph Lemoine; master of ceremonies,  
Ludovic Lacroix; marshals, Arthur  
Goulet and George Rondeau; lecturer,  
Napoleon Duff; honorary president, Al-  
phonse Fournier. The installation will  
take place some time in the month of  
January. The members will have the  
privilege of bringing a guest. About  
65 members were present and all en-  
joyed the smoker and refreshments af-  
ter the meeting.

Court Sprague, No. 90, Foresters of  
America, held its regular monthly  
meeting Tuesday evening with a large  
attendance. Plans were made for the  
degree to be held next Sunday.

Paul Duquette motored to Stafford  
Springs Thursday.

At the Finn Opera House Thursday ev-  
ening a large audience was deliv-  
ered by the entertainment given by the  
pupils of the Riverside Grammar school.  
The programme from start to finish ex-  
hibited the ability of those that took  
part and the effective drilling by those  
who had the success of the affair at  
heart. The programme:

Dance of greeting; Clap, Clap, Boys,  
Kindergarten; Christmas Song, Philip  
Wilber; The Last Reminder, First Sec-  
ond and Third Grades; Intermission;  
Swedish Singing Game, I See You, E. H.  
Gardner; song, God's Love, Mildred  
Gilbert; recitation, Christmas Lullaby,  
Ruth Mann; hoop drill, Fourth and Fifth  
grades; song, The Twins, Sixth, Seventh  
and Eighth grades; recitation, Jennie's  
Plan, Catherine Jodoin; Daily Dozen,  
Fourth, Fifth and Sixth grades; dance,  
violin and piano, by Eva and Wilfred

Duff; song, America For Me, Sixth,  
Seventh and Eighth grades.

The proceeds will be used to help in  
the purchase of a piano for the lower  
grades.

Mrs. Elizabeth Kingsley of Kittermae  
is visiting her sister, Mrs. John T. Ste-  
wart, who has been ill during the past  
week and still confined to the bed.

A meeting to organize a rifle and re-  
volver club is to be held in the town  
hall next Monday evening, and it is hoped  
that every one interested in forming this  
organization will be present.

Thursday a snow storm with the true  
color of winter struck the borough,  
showing close to six inches at early  
nightfall. There were peculiarities about  
the storm, for that what light air there  
was moving came from the southwest.  
About 4 o'clock the wind slowly backed  
to the northeast, which is the quarter  
from which snow in any amount may be  
expected.

Wednesday night at ten o'clock the  
mercury stood at 16 above. A little af-  
ter midnight and within an hour the  
temperature rose to 23. All during the  
storm the readings were at 31 and 32.  
With the snow falling almost straight  
down during the evening boys were out  
with their sleds, and automobile  
drivers were putting on their chains.  
Only such people as it was neces-  
sary to be out were seen on the streets.

The meeting of Anne Brewster Fan-  
ning chapter, D. A. R., was held at the  
home of Mrs. G. H. Jennings on Wednes-  
day afternoon. Mrs. E. J. Faust served  
with Mrs. Jennings as hostesses. The  
paper of the afternoon was on Immigra-  
tion, given by Mrs. A. M. Brown. She  
gave a brief summary of the four pe-  
riods in which immigration is divided,  
commencing with the Colonial times in  
1620, the native American and know-  
nothing period from 1861 to 1882 and  
national control from 1882 to the pre-  
sent time. The three percent emer-  
gency measure was caused because of the  
increased immigration in 1921 when 2-  
117,562 immigrants came to this coun-  
try.

If this country's unemployed are to be  
saved during business reconstruction  
some measure has to be adopted. Be-  
cause of so many special cases a board  
of review was appointed which has been  
in operation daily since last January.  
The board has been very successful in  
such cases. The secretary of labor has  
before congress a bill, the purpose of  
which is to educate the incoming popu-  
lation, Americanize them.

Dr. Robert Sweeney says the test of  
physiology should be used to determine  
the mentality of immigrants. The paper  
was excellent and the writer after  
much research from authentic authors  
conversant with this urgently important  
subject. Refreshments were served by  
the hostesses.

The board in charge of the schools of  
the town have decided that no night  
schools shall be held at Riverside Gram-  
mar school this winter. The question of  
fuel is one reason. It is a matter to be  
deplored as there were more than fifty  
who had expressed their wish to attend  
the night school. This school one year  
received the first prize and last year the  
second prize from the State D. A. R. One  
of the teachers offered her services free  
of charge, and the school transportation.  
The schools have been a source of great  
profit and education to the pupils who  
attended them.
